

A D E U A M O R

Nº 16

Adeu amor, auçellet blau
de ploma encesa.

Junts hem quedat ferits
al mitg del cor.

Un plor gegant, fet de silencis
texeix l'estela
de les nostres vides.

Un altre amor molt gran,
em tanca l'abraçada:
Son ulls Inmaculats
em donan el claratge
del meu camí d'espines.

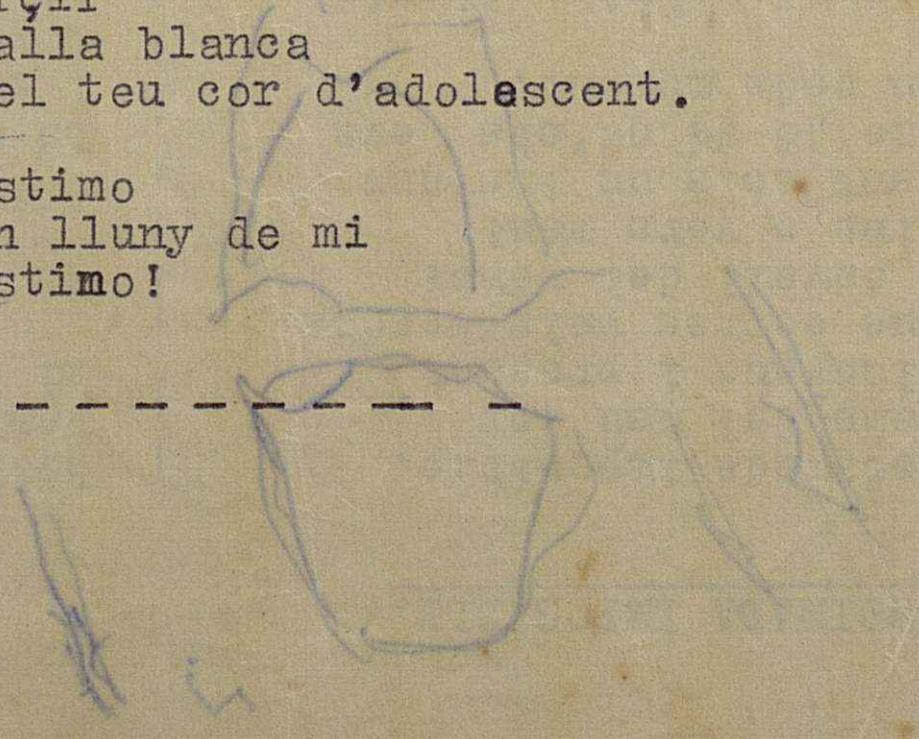

PERQUE T' ESTIMO!

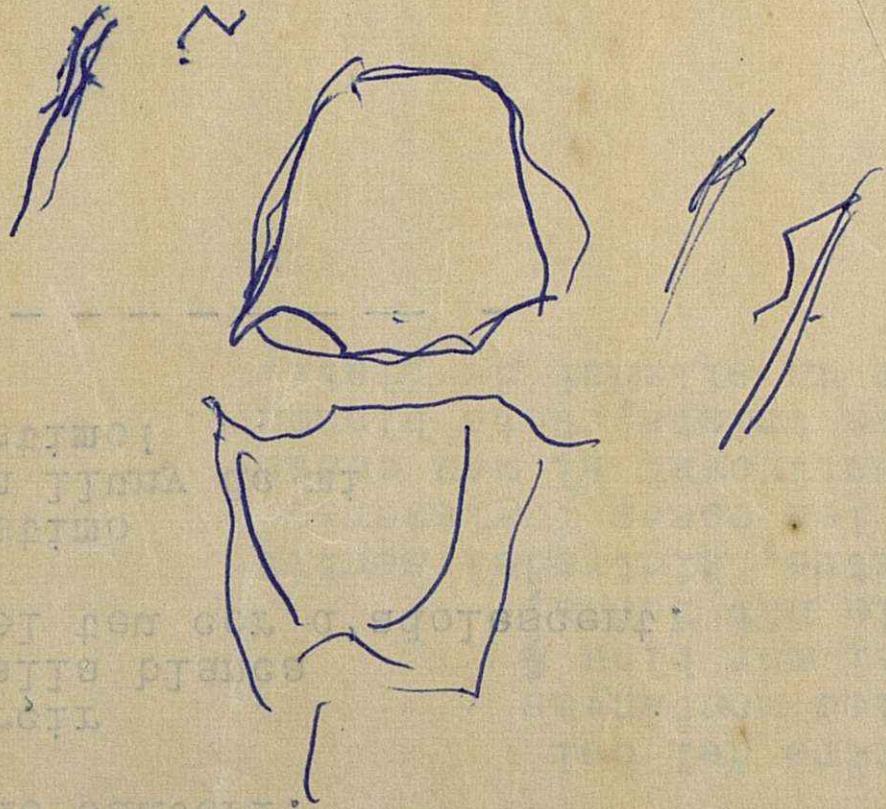

Perquè t'estimo
et vull ben lluny de mi
perquè t'estimo!

Jo estic marcat en foc
i deixo a l'entorn meu
un rastre de cauteri.

No vull marçir
la teva rialla blanca
ni ofegar el teu cor d'adolescent.

Perquè t'estimo
et vull ben lluny de mi
perquè t'estimo!
